

AADHIPRADHAP

AI & DATA SCIENCE DEVELOPER | aadhivel2914@gmail.com

CAREER OBJECTIVE

Building intelligent solutions where code meets data. Dedicated AI & Data Science developer.

EDUCATION

B.Tech in Artificial Intelligence & Data Science (2022 - 2026)

TECHNICAL SKILLS

Languages: Python, C, C++, JavaScript, TypeScript, SQL

AI/Data: Machine Learning, Deep Learning, Computer Vision, OpenCV, Scikit-Learn, Pandas

Web & Tools: React, HTML5, CSS3, Tailwind CSS, Node.js, Git, GitHub, VS Code, Linux

KEY PROJECTS

1. AI Fake Certificate Detection - Deep learning & computer vision forensic inspection
2. Data-Driven Predictive Analytics Engine - Automated ML classification & metrics
3. Smart Vision Object Classifier - Real-time CNN feature extraction pipeline
